How It Works

SECTION LABEL The Refresh Program

HEADLINE Refreshingly simple

SUBHEADLINE A structured membership that manages your CPAP system all year long.

STEPS

1. Tell us your setup - Your machine, mask, and size. Takes two minutes.
2. Pick your plan - Choose the tier that fits your needs.
3. Get your box - We ship every 90 days with exactly what's due.

SUPPORTING LINE Behind the scenes, we track replacement timing based on real usage data and align billing to your supply cycle, so you never overpay or run out.

FOOTNOTE All plans include free shipping on every delivery.

Section label: Built for your setup

Headline: We figure out exactly what your CPAP needs

Body: Not sure what model you have or what size cushion you use? That's fine. Our guided setup walks you through it in under two minutes. Just tell us your machine brand, answer a few quick questions, and we handle the rest. You can also upload a photo of your device and we'll match it for you.

Three supporting points:

- We identify your machine - tell us the brand or snap a photo, we'll match the exact model
- We find your mask and size - a short guided quiz pinpoints your fit, no guesswork on your end
- We adapt as you change - switch masks or upgrade machines anytime, your next box adjusts automatically

Closing reassurance: Wrong fit? We replace it for free. No questions asked.
